A GREATER TRIBUTE
More than 225 persons will die as victims of traffic accidents during this holiday week and which commemorates those who gave their lives in the service of the United States.
That figure is an estimate by officials of the National Safety Council, who also predict that 30 million drivers will participate in this motorized blood-letting.
Many persons from Jacksonville and Morgan county will be among the 30 million on the highways today and tomorrow and possibly residents of this community will be included in the holiday death toll. Indications are that the totals this year will be greater than last year's sum of 508 dead, including 228 traffic fatalities.
Officials of the safety council state, however, that the number of casualties can be reduced by 50 per cent if every motorist will exercise only normal care and scrupulously obey all traffic regulations.
Thus the challenge is handed to the public. A record of the actions of the general mass of Americans this week end will be on exhibit when the final count of Memorial Day is in. Only when the tally is complete will we be able to judge how well we remembered our war heroes.
We can make the holiday a greater tribute if we honor the dead by protecting the living.

World Needs Peace Heroes
Once more on Sunday, May 30, the nation will honor its war dead, will reflect on their deeds and sacrifices.
Each solemn observance of Memorial Day since the end of World War II has found a world more confused, more alarmed, seemingly more likely to plunge into a third great conflict.
While paying tribute to heroes slaughtered in former wars, it would seem proper also to pray for peacetime heroes who may rescue us from future wars.
On battlefields around the globe, the graves of American heroes will be decorated—in some cases by comrades who now man their stations, sometimes by foreign friends, gained during battle, and faithful now forever.
On each soldier's grave, a fresh new flag. Parades down flag-lined streets, massed colors, military firing squads, loud bands of every description, fife and drum corps, lone buglers sounding Taps—these will stir the hearts of all Americans in their range.
In the National Cemetery at Arlington, Va., the grave of the Unknown Soldier will be decorated as a symbol of American remembrance of all his comrades. The immortal words of Abraham Lincoln will be heard again at Gettysburg, and repeated thousands of times across the country.
In churches throughout the land, fervent prayers for future peace will accompany America's tribute to its war dead.

And yet, through it all, tireless news tickers will be pounding out the story of the "cold" war with Russia, the "hot" war in Palestine, war in China—the seeds of war throughout the world.
On this Memorial Day, 1948, may Americans find new strength, new wisdom. May our leaders find new guidance that will enable them to lead the world out of its confusion and distress. May the living spirits of those who have died for America penetrate the hearts and souls of those who live and work. May those who live and work strive to become heroes of the peace—heroes willing to give and sacrifice, just as the war heroes we honor sacrificed themselves for the cause of freedom.
The whole world might well pray with America that heroes of the peace will arise, and will, through their efforts, insure that we will not have another long roster of heroic war dead to pay tribute to on a Spring Sunday.

CIVIL RIGHT IN MINNESOTA
(Atlanta, Ga., Constitution)
We have been listening intently for a shattering blast of righteous indignation from those who profess to be ardent champions of the civil rights of man. We have watched the great eastern papers, whose editorial tongues frequently lash out in wrath when injustices, real or fancied, occur in the south. More particularly have we held an open ear toward the various presidential candidates, including the incumbent, hoping to catch even a hint of displeasure at one of the most cruel illustrations of disregard for human rights we have seen in many months.
All has been silence.
In all the south last year there was a single lynching. This crime is the only crime which has been on the steady decline since the First World War. Mob violence by organized strikers—murder, arson, dynamiting, and sabotage—have shown spectacular increases, particularly in the east and the midwest, chief centers of indignation against the south.
Moreover, the right to work, recognized by law and custom as among the inalienable rights, is increasingly abused with impunity.
The hypocrisy of a civil rights program which applies to one section of the country but not to others by now is obvious to voters everywhere. And the inconsistency of those who would punish the south, because of its political impotence, but give silent assent to equal injustices elsewhere, is revolting.

MacMurray Trustees Hear Report; Budget For Year \$1,185,000

Submitting his annual report to the MacMurray College board of trustees Saturday morning, President Clarence P. McClelland said the college budget for 1948-49 has been set at \$1,185,000. His report showed that the endowment now stands at \$4,078,320, and that total assets of the college, including both building and endowment, is \$7,357,575.

During the meeting of the trustees, announcement was made that the new residence hall which will probably cost \$375,000 will be finished in time for occupancy in September. Construction of the new chapel building has already started.

President McClelland told the board that "the small private or independent college, such as MacMurray, was never more needed than today. The sudden concentration of vast numbers of students in our state colleges and universities has accentuated the evils which accompany mass education: large classes, the neglect of the individual, secularization, the tendency towards the centralization of control and towards making higher education the servant of the State, the scarcity of properly prepared teachers, and unfavorable living conditions. Among the things that are particularly needed in higher education are a deeper moral conviction and spiritual insight and a better sense of direction; instead of so much emphasis upon the mere acquisition of knowledge and preparation for vocations, more stress upon creative intelligence and a sense of values."

"If we want to know what to avoid, we have only to look at Russia where the schools are completely secularized and government controlled, where applied science receives the greatest emphasis and the humanities the least, and where the social studies are simply the instruments of Communist propaganda. What American democracy must have if it is to survive is free experimental education, strongly based in religion and morality; and without private or independent colleges like MacMurray such a system of education can neither be developed nor maintained."

Praises Faculty
President McClelland spent a great deal of time in praising the excellent work of the faculty. He spoke briefly of the fine work done by Dean Marjorie Cunningham, who came to the campus this year. It was announced that Professor Alice Alexander, head of the biology department for thirty-three years will retire this year. Her very loyal and excellent work at the college was reviewed.

Enrollment
A summary of the registration for the year 1947-48 was that the college had 774 students enrolled during the regular college year. In addition to this there should be those who attended the summer session, those studying in the Conservatory of Music and the children in the Kindergarten which makes a grand total enrollment of 1186. It was pointed out that the number of students who marry either during their college course or immediately thereafter has increased rapidly during recent years.

Dean Dwyer Reports
President McClelland discussed the report of Dean Dwyer concerning the academic work of the college. "The results of a group of standardized tests administered to all freshmen place our students rather consistently above average in ability and in reading skills particularly. The range in these measures from the fifty-fifth national percentile to the sixty-third or sixty-fourth national percentile."

"The summary of the results of the sophomore tests given in March 1947 shows that the range of our scores in terms of national percentiles is from the fiftieth to the seventieth percentile. In the eighteen comparisons which this test battery makes with sophomore students over the nation, our students are not below the national average in any one of these measures. Their highest scores are in reading comprehension."

Graduate School
"We have been offering graduate work in the training of teachers of the deaf, in physical education, and in clinical psychology. The graduate program in the training of teachers of the deaf has developed satisfactorily."

"The graduate work in physical education is also in excellent condition. We have three generous assistantships there. Students of superior qualification have been attracted to this opportunity, and the work itself has been excellent. Those who have taken their degrees in this field are filling positions of considerable responsibility with noteworthy success. The number of candidates for 1948-49 has been an embarrassment, since we could not possibly accept all of the desirable applicants. There will be more students in this part of our graduate work in 1948-49 than there has been in the past year."

"The program in clinical psychology continues without substantial change so far as the work itself is concerned. One development of the current year is of major importance. We have arranged a combination program of approximately eighteen months in length with the Jacksonville State Hospital. The student combines an assistantship at the State Hospital with graduate study at MacMurray College, and at the close of this period continues at the State Hospital and other state institutions in an internship. In a period of approximately eighteen months the student can by this program earn both the degree of Master of Arts and complete an internship. Generous provision is made by the State Hospital for expenses, and a scholarship has been assigned by the College, offering the combination to students at a very reasonable figure. The students who com-

plete this work in clinical psychology will normally continue as psychologists in hospitals, although the program is broad enough that other fields may be open at the conclusion of the internship.

"With the beginning of the work in 1948-49, it is to be noted that we shall have on our staff four persons with the degree of Doctor of Philosophy in psychology, one person with the Master's degree in psychology, one with the Doctor's degree in education, one with the Doctor's degree in sociology, one with the Doctor's degree in physical education, and two with Master's degrees in physical education. In addition to these persons, there are a number of individuals in the schools allied with our graduate program who are very well prepared for their work. They are both supervising our students in our applied work and teaching some courses directly related to the applied fields. This is a strong program, supported by a well prepared staff."

Religious Activities
"I am glad to say deliberately and sincerely that there is a deeper interest in religion at MacMurray than when I came to the College twenty-three years ago. This is manifested in various ways. Perhaps it reflects the feeling which is general throughout the civilized world, at any rate, in our weekly chapel services and in the special meetings that are held during Religious Emphasis Week the students show a good deal of interest which finds expression in better community co-operation and in moral conduct."

Radios
"One item which I think may be of special interest and on which I have not heretofore reported is our work in radio."

"A maximum of seventeen hours of radio course credit (including Independent Study and Senior Thesis) are offered within the Speech department. This plan has been operating for two years. Approximately forty students were enrolled in radio courses this year."

"Students taking all but the beginning course in radio execute part of their assignments in the working of WMMC, the campus broadcasting station. About one-half of the operation of the radio station was carried on by some 150 students who came to the station for extra-curricular or recreational purposes."

"Two and one-half years ago a campus-limited broadcasting system, known as WMMR, was installed with studio in the Little Theatre where studio and speech input equipment was available. This project was executed under the supervision of the Speech Department. The original technical equipment was limited since the project was experimental. This year, as a result of the growth of wide and real interest, the College equipped the station with the necessary devices of professional broadcasting. The main additions made to the fine studio and input equipment, which we had, were two professional-quality transcription turntables for the broadcast of recorded music, one tape recording machine for the broadcast and study of programs; and a 25-watt transmitter to send an improved signal into the dormitories."

"It is the function of the station to provide a modern laboratory where this medium of mass communication may be studied in its true social, psychological, artistic and business perspective, and also to serve a campus-wide recreational interest."

Pfeiffer Library
"Our new librarian, Miss Victoria E. Hargrave, has proved to be a worthy successor of Mrs. Helen M. Brown, who left us a year ago. She took up her work enthusiastically last fall. She has been alert to the needs of the library and seeks clearly what should be done to make it operate more efficiently."

"The librarian's statistics indicate that we are adding to our library approximately 3,000 books per year which means a liberal allowance for the purchase of books, considering the size of the College. The total number of volumes in the library on May 1 was 48,436. The total number of periodicals and newspapers coming in regularly throughout the year has been 324."

Alumni
"Last fall, Mrs. MacMurray, Mrs. McClelland and I attended alumnae meetings in Chicago, Indianapolis, Boston, New York City, Washington and Cleveland. The alumnae were particularly interested in meeting Mrs. MacMurray, most of them for the first time. After our return from the East in October, Mrs. McClelland and I were guests of the Springfield (Illinois) and St. Louis (Missouri) groups at their Founders Day dinners."

"Other alumnae meetings were held in Chicago, Bloomington, Peoria, Quincy (Illinois), Denver, Colorado, and San Francisco and Los Angeles, California. An alumnae meeting is being planned in Madison, Wisconsin, June 5, which Mrs. McClelland and I expect to attend. Personally, I feel that we must now give a good deal of attention to increased alumnae participation in the affairs of the College."

"The publication of Dr. Harold E. Gibson's book, 'PUBLIC RELATIONS IN COLLEGES FOR WOMEN', is a credit both to him and to the College. It is the result of a thorough investigation of the relations of colleges and universities to the public."

Miss Charlotte J. Deem Is Bride Of Dean C. Wolters

Traditional white satin was worn by Miss Charlotte J. Deem on Sunday, May 23, when she became the bride of Dean C. Wolters in a beautiful ceremony performed by Dr. George T. Lawton in St. John's Episcopal church at Kewanee. The vows were spoken in a single-ring ceremony at 3 o'clock in the afternoon before a large gathering of relatives and friends of the couple.

Mr. and Mrs. John C. Deem of this city are the parents of the bride, who was given in marriage by her father. The bridegroom's parents are Mr. and Mrs. Carl Wolters of Kewanee.

Organ Prelude Given
Mrs. Duane Malmgren, sister of Mr. Wolters, played a program of organ music, the traditional wedding march, and accompanied the vocalist, Miss Anita Charlet, who sang "I Love You Truly," "Because," and "The Lord's Prayer."

The bride's gown was fashioned with a fitted bodice, high round neckline accented with a bertha of white lace, and flounced skirt which was made of white tulle with clusters of pearl orange blossoms. The pearl necklace she wore was a gift of the bridegroom and her bridal bouquet of pink roses was centered with gardenias.

Attended By Sister

Miss Elizabeth Ann Deem, as maid of honor for her sister, wore a gown of pale green marquisette and carried a bouquet of pink roses.

For her daughter's wedding Mrs. Deem wore a blue and white frock with black accessories and Mrs. Wolters attended her wedding in a taupe colored frock with pink accessories. Both had corsages of pink roses.

Dwain Malmgren served as best man and ushers were Thomas Deem, brother of the bride, and Donald Kuster.

Following the ceremony a reception was held at St. Peter's Evangelical church parlors which were decorated in green and white.

On Wedding Trip
Mr. and Mrs. Wolters will spend their wedding trip in Colorado and plan to be away several weeks.

For her wedding trip Mrs. Wolters chose a gray and blue gown with white and navy blue accessories and her fiancé's parents, Mr. and Mrs. J. M. Buchanan.

Plans are being made for a reception at MacMurray College.

Miss Houston is a senior at MacMurray College and Mr. Buchanan is employed at the Tucker funeral home in Central City, Ky.

Leftover cooked noodles may be served with a little minced or deviled ham and used to stuff tomatoes if 1942, served over three years with or green peppers.

To Be July Bride

A JULY WEDDING is planned by Miss Dorothy Ellen Houston, whose engagement to Bill Wright Buchanan of Paducah, Ky., is announced today by her parents, Mr. and Mrs. George E. Houston of Detroit, Mich.

The wedding will take place in Centenary Methodist church, with the Rev. McKendree M. Blair performing the ceremony. The date for the nuptials is July 4.

For the wedding anniversary of both the suit with white and navy blue accessories and her fiancé's parents, Mr. and Mrs. J. M. Buchanan.

6-oz. Hearing Aid Developed by Lab

Acoustical engineers have now developed a revolutionary new hearing aid smaller and more powerful than ever dreamed possible.

By using miniature tubes in a special electronic circuit, one-piece hearing aid convenience is now within reach of even the severely deafened.

Distortion has been minimized and hearing range extended to nearly 6 full octaves. Precision manufacture keeps weight down to 6 oz.

This latest acoustical triumph may be tried out at the TELEX Hearing Center, 228 E. Morgan street, or a free demonstration in the home arranged by phoning 658W.

Miss Chapman. Eldon Wayne Ross To Wed In June

At a party given at the home of Mrs. E. A. Chapman, 413 North Church street, announcement was made of the engagement and approaching marriage of her daughter, Miss Margaret Alyce Chapman, to Eldon Wayne Ross, son of Mr. and Mrs. Morris Ross of Modesto.

MARGARET CHAPMAN

The wedding will take place at the Christian church in Palmyra at 7:30 p. m. standard time, on Monday, June 30.

The forthcoming event was revealed at the party in a novel way, by having a china cat out of the bag. Ross were drawn from the cat, becoming the names of "Marty and Eldon" and the date of the wedding.

Games were played and refreshments were served. Decorations were carried out in a color scheme of pink and white. Margaret Long and Ainsie Johnson won the door prizes.

Those present included Mrs. Harriet Richard, Mrs. Gerald Long, Mrs. Clara Gully, Mrs. Paul Mapes, Mrs. Clifford Swisher, Mrs. Thomas McGowan, and the Misses Josephine, Rose, Jane Walbaum, Jean Reid, Mary Morris, Irene Korschmeier, Irene Crawford, Martha Lorton, Mona Preston and Isabel Idiam.

RED CROSS CHAPTER GETS "THANK YOU" NOTE FROM GERMANY

The following letter was recently received in the local Red Cross office from Germany: "Neunburg April 9, 1948. In the name of my brother I want to thank you very much for the rain cape he received from you through the Bavarian Red Cross. My brother is a five-year-old refugee and has three brothers and sisters. Thank you again for the rain cape. Walter Novak, 13a Neunburg v. Wald, Berg 162, Oberpfalz, American Zone."

The sewed and knitted garments made by the ladies in Red Cross Chapters have Red Cross labels on each article of clothing giving the name and location of the Red Cross chapter from which the garment was sent. This accounts for the above note of appreciation to the local chapter.

Give your car this Springtime

1 Does it have proper lubrication for warm weather driving? Good lubricants cost less than repairs. Engine, transmission, rear axle, chassis, wheels and other vital spots need regular attention . . . particularly when the seasons change.

2 How are your brakes? Can you stop your car in the required distance? Otherwise brakes may need adjusting, new lining or fluid.

3 Is your car wasting gas? An excessive appetite for gasoline may indicate faulty spark plugs—in need of cleaning or replacement. Distributor points and ignition timing may also need our timely attention.

4 How long since tires were switched? To stretch wear and provide greater mileage, tires should be switched every 2,000 to 3,000 miles. Front tires to rear wheels. Rear tires to front wheels. Uneven wear may indicate that scientific re-alignment of wheels is needed.

WHY take chances? Let our specially trained mechanics give your car a springtime check-up. They spot minor troubles before they grow big. Parts are factory engineered and inspected. Equipment and methods are up-to-date. Service is prompt. Drive in today!

Ohio State Thinclads Win Big Nine Meet As Records Tumble

Madison, Wis., May 29.—(P)—American college records and Ohio State thinclads won the 48th Big Nine outdoor track and field meet at Camp Randall stadium Saturday.

Minnesota's fortune Gordini, who set the 176-foot, 111-inch shot-put record, and Ohio State's Charles F. Fong, who tossed the shot 56 feet, 5 inches, surpassed accepted American and S.C.A. records as well as their one-day old conference marks in both.

Ohio State's well-balanced Buckeye team needed only three firsts in the 14 events to roll up their winning 53.1 points.

Michigan took second with 36 points, shading the defending champion Illinois by one point. Minnesota was fourth with 29, followed by Indiana with 28, Wisconsin with 19.1, Northwestern with 18.1, Purdue with 14 and Iowa 11.3.

Two Double Winners

The meet had two double winners, defending champion Bill Porter of Northwestern, in the high and low hurdles, and Indiana's Charles Peters in the 100 and 200 yard dashes.

Of defending title-holders back in eight events, three were dethroned. Michigan's Herb Barten in the 800, Dwight Eddleman of Illinois in the high jump, and co-champion Tom Bennett of Wisconsin in the pole vault.

Camp Randall records were bettered in most events, but only the shot and discus produced outstanding performances.

So widely-balanced was first place strength, that only one other team besides the champion Buckeyes won three events, seventh-place Northwestern.

Don Gehrman, diminutive Wisconsin jogger, retained his mile run title with a great finish which shaded Michigan's Herb Barten by seven yards in a creditable 4:15.9.

Gehrman and Barten ran well behind the pace the first three quarters. Barten stepped out first, but he was expected to overtake the Wolverine of the stretch and won going away.

Excellent Race

Bill Porter of Northwestern retained his 120-yard high hurdles crown after a sizzling duel with George Walker of Illinois. Porter, who was clocked in 14.1, found himself matched stride for stride until the dash for the tape when he lunged across several feet ahead of Walker.

The 100-yard dash went to Indiana's Charles Peters in the comparatively slow time of 10 seconds. Peters moved ahead in the last 25 yards to shade Fred Johnson of Ohio State.

Mal Whitfield of Ohio State led off a 17.9 victory in the 440, looking over his shoulder on the stretch as Michigan's Orval Johnson, early

Blackwell Relieves As Reds Beat Cubs By 4 To 3 Count

Cincinnati, May 29.—(P)—Pitcher Johnny Vander Meer and Ewell Blackwell teamed together behind the home runs of Danny Litwiler and Virgil Stallcup Saturday to give the Cincinnati Reds a 4-3 victory over the Chicago Cubs.

The crowd of 5,169 got an unexpected surprise as Ewell Blackwell, the Red Ace who has been out for several weeks with an injured shoulder, appeared to hurl the last two innings. He gave up one hit, a single to Ed Waitkus.

The two home runs provided a trio of second inning runs for the Reds. Ray Lamanno opened the seventh with a double to set up the winning run. Frank Baumholtz, running for Lamanno, scored after Vander Meer sacrificed and Johnny Wyrostek singled.

The Cubs picked up one run in the fourth on singles by Harold Jeffcoat, Andy Pafko and Clarence Maddern. After Bob McCall and Henry Schenz singled in the fifth, Frank Baumholtz, running for Lamanno, scored after Vander Meer sacrificed and Johnny Wyrostek singled.

Pirates Licks Cards

Pittsburgh, May 29.—(P)—The Pittsburgh Pirates scored their first 1948 triumph over the league-leading St. Louis Cardinals by a 7-3 margin Saturday—thanks to sharp pitching by rookie Bob Chesnes.

Chesnes scattered five hits and, in the seventh, struck out three batters to end the game.

Bob Gregory, Meredosa junior, probably will be called to face Eureka in the last combat. Maynard hurried just last Thursday against Scott Field.

Doubleheaders Slated At Nichols Park Field Sunday-Monday Nights

Holiday pleasure seekers may see a pair of stellar twin softball bills at Nichols Park Sunday and Monday nights, according to plans announced Saturday morning by the Jacksonville Recreation club.

The official season opening for the south side arena has been set for Sunday, although games have actually been in progress for a month. Another special event is planned Monday, when members of various Jacksonville labor unions who assisted in erecting the park fence and modernizing the plant, will take their families to the doubleheader free of charge.

The Macomb Dodgers, an old favorite here, have been scheduled to provide opposition in the feature battle on Sunday night. The Dodgers, state tournament contenders in 1946, one of the best teams in this area, in 1947 and perennial "toughies" have added a fine new pitcher to their staff this season. He is said to be one of the best hurlers in Illinois, having gained his experience

in the Galesburg community leagues. Quincy Mer Monday.

Another good team will appear at the park on Monday. The Quincy Blue Jays, that city's leading outfit, will play Jacksonville's defending champions, the American Legion. The Bluejays hold a franchise in the new Tri-State loop and have signed many of the Gem City's top diamond stars.

Jacksonville will use its top one-two punch in attempting to dispose of the visitors, for Myers Bros. will meet the Dodgers on Sunday night. Myers edged the Legion by one run just last week.

AA league practice games have been arranged as preliminary contests each night, meaning that all six entries in the circuit will appear during the two nights of entertainment.

Games are scheduled for 7:15 and 8:45 p.m. (DST) each night.

Regular prices will prevail, but on Monday night members of the designated unions and their immediate families will be admitted free on the union members' card or pin.

Right-hander Bill Taft tossed an eight hitter for Michigan's 10th win in 12 starts.

Wolverine batsmen blew Hal Schulz, Wildcat starter, off the mound in a big fourth inning in which homers by first baseman Jack Weisenburger and Taft topped a flurry of hits that were good for the entire winning margin. All of Michigan's eight runs came in during the rally.

Citation Sets New Track Record In Saturday Win

Camden, N.J., May 29.—(P)—Citation, winner of the Kentucky derby and preakness, rose to his greatest heights Saturday with a track record smashing 10-length triumph in the \$50,000 Jersey stakes at Garden State Park.

The Fleet Son of Bill Lea from Warren Wright's Calumet farms breezed the first half-mile with his four rival three years olds and then pulled away to win with Eddie Arcaro easing him up through the last one-eighth of a mile.

Even though he was slowed down to almost a walk at the finish line, Citation was clocked in 2:03. one and three-fifths of a second faster than the old track standard of 2:04.3/5.

MacBeth, second choice from J. M. Roebeling's stable, took the runner-up spot by three-quarters of a length. Third went to Samuel Riddle's Faraway, after his jockey, Porter Roberts, had won a claim of foul. The foul was lodged against Sylvester Labros, Jr.'s Bovard, which was third across the line. A. J. Sackett's Gasparilla brought up the rear.

Northwestern New Big 9 Golf Champ

Evansville, Ill., May 29.—(P)—Northwestern captured the Big Nine golf championship Saturday with a 13 stroke margin over second place Purdue, whose Fred Wampler won the individual crown.

Led by Bill Stucklen, who fired 15-77 over the par 71 Northwestern University course in Saturday's final 36 holes, Northwestern's top five man team scored an aggregate 1531. Stucklen's 72 hole total was 299.

Brownies Take 4th With 6-1 Victory Over Detroit

St. Louis, May 29.—(P)—The St. Louis Browns won three pitchers to scatter three hits for the Detroit Tigers, defeating the visiting team, 6-1, Saturday. The victory put the Brownies up in fourth place in the American league race, just ahead of Detroit.

Whitely Platt drove in three of the St. Louis tallies, one of them when he opened the fourth inning with a home run. Les Moss followed him with a circuit blow.

Detroit's lone run in the third came on two walks and Eddie Mayo's single to right, scoring catcher Bob Swift.

Indians Score Victory

Chicago, May 29.—(P)—Cleveland kept pace with first place Philadelphia in the American league pennant race Saturday by scoring a second straight shutout against the Chicago White Sox with a 4-0 decision.

Bob Lemon, pitching his seventh complete game, stopped the White Sox on four singles to increase his runless string to 23 consecutive innings in his last three starts.

Cleveland posted the runs in the fourth inning and added their final two runs in the ninth.

A's Win Seventh Straight

Philadelphia, May 29.—(P)—The Philadelphia Athletics won their seventh straight Saturday, defeating the New York Yankees again, 6-5, when Sam Chapman sprang the win home from first on a single by Buddy Rosar.

Bill Dietrich stopped the Yankees with some splendid spot pitching to receive credit for the win. Dietrich replaced Dick Fowler in the sixth and held the Yankees scoreless the rest of the way.

Joe Page who replaced starter Allie Reynolds for the Yankees in the sixth, was charged with the defeat, his second compared with one victory.

A base on balls handed to Chapman in the eighth inning materialized into the winning run. The speedy Chapman raced all the way around on Rosar's single to break a 5-5 deadlock.

The Yankees outhit the A's 14 to seven, but left 12 runners stranded on the basepaths.

Nats Take Win

Washington, May 29.—(P)—Washington shoved the Boston Red Sox deeper into seventh place here Saturday by sweeping a doubleheader. The Senators rallied for three runs in the ninth inning to defeat Jack Kramer, 5-4, then staggered to a 7-6 victory in the second game.

Mickey Vernon tripped with the bases loaded in the third inning of the nightcap to put the Senators comfortably ahead but Boston scored five runs in the ninth inning off Forrest Thompson and Walter Masterson.

Dick Welteroth, 20-year-old rookie right-hander making his first major league start, received credit for the second game win. He worked eight innings and yielded one run—Ted Williams' 10th homer of the season in the third inning.

Williams belted a triple and double in the first game as the Red Sox bowed to Mickey Haefner. He added two singles and a home run in the second game.

Fastest 33-Car Field In History Set For Indianapolis Race

Indianapolis, May 29.—(P)—The fastest 33-car field in the history of the 500-mile Memorial Day race at the Indianapolis Motor Speedway was completed Saturday.

Four cars that had made qualification runs at better than 120 miles an hour were bumped out of the lineup in a last-minute flurry of late trials.

Thirty cars had qualified for Monday's race in trials that started May 15. The six that moved into the field Saturday were driven by Lee Wallard, Schenectady, N.Y.; Duane Carter, Santa Monica, Calif.; Travis (Spider) Webb, Bell, Calif.; Mike Selay, South Bend, Ind.; Fred Agabashian, Albany, Calif.; and Mel Hansen, Los Angeles.

Webb made the lineup in a wild finale to the three week-end and one Wednesday of qualification tests. He already had qualified the best at 121 miles an hour but was bumped out of the lineup by Carter's run at 120.8 miles an hour in the Belanger Motors Special.

Webb jumped into another car, a new Offenhauser owned by Louis Bromme of Los Angeles, and made two laps at 125 miles an hour. Then he dropped a fuel pump handle and track officials turned on the caution light. After a debate they let him make two more laps after the track had been closed, and he earned the pole with a 125.845 average.

Webb's delayed qualification bumped Jack Shickelrod, Dayton, O., who had made his run a short time before at 121.745 in the John Moss Offenhauser Special.

Other drivers who exceeded the 118-mile-an-hour minimum but were eliminated were Myron Fohr, Milwaukee, in the Marchess Special; Ken Fowler, Dayton, O., in the Don Lee Alfa-Romeo; and Louis Durant, Burbank, Calif., in the Automobile Shipper Special. Durant made his run at an 117.665 miles an hour after the field already was filled.

The bustle of the final hours brought only one accident. Anthony Granatelli, Chicago, "hot rod" builder, cracked up his car at the south-west turn and suffered a broken wrist. He brought three cars to the speedway.

Granatelli was averaging 128 miles an hour when he had his mishap and would have been a starter if he had continued the pace.

Worn Tire Blames Association Observers

American Association observers and one of his tires was worn out and collapsed.

Nine of the 33 starters will be driving their first race. Wallard, Webb and Carter of Saturday's qualifiers are newcomers to the speedway. Other freshmen drivers in the field include Bill Cantrell, Louisville; Johnny Manis, Long Beach, Calif.; Jack McGrath, South Pasadena, Calif.; Mack Melings, Burbank, Calif.; and Johnnie Mauro, Denver, Colo.

Johnny Parsons of Burbank, Calif., another new driver, failed in two attempts to get into the lineup. He took out one of the Granatelli cars and almost lost it on his first lap. He tried again just as time ran out and track officials ruled he was too late.

Wallard's run at 128.420 miles an hour in the Idings Special was the days top performance and the fifth best in the field. The eastern midget and dirt track racer finished his driver's test only Friday. His time was the best ever made at the speedway with a 288-cubic-inch Offenhauser.

Nation's Still Tops

The last day qualifiers failed to take away the \$1,000 special time prize from Duke Nalon of Chicago and Los Angeles. He qualified one of the 550-horsepower Novi Grooved Piston Specials at 131.608 miles an hour.

Rex Mays, Los Angeles, won the pole position on the first qualification day, unwinding the Bowes Seal Fast Special at 130.871 miles an hour.

Mauri Rose and Bill Holland, first and second last year in the Blue Crown Special, had the best qualification times. Rose was timed at 129.130 and Holland at 129.818.

GET NEW PLAYERS

Chicago, May 29.—(P)—The victory-starved Chicago Cubs team of the All-American Girls Baseball league was given a new look Saturday—in fact, almost an entirely new team. To install some zip in a team with a win-loss record of 1 to 14 so far this season, the league's board of directors allocated to the Chicagoans seven players from other league teams.

Coaltown Beaten By Vulcan's Forge In Withers Stakes

New York, May 29.—(P)—Coaltown ran out of coal in the stretch Saturday and Cornelius V. Whitney's Vulcan's Forge came on with a rush from dead heat to score a stunning victory in the 73rd running of the Withers stakes at Belmont Park.

A wild-eyed crowd of 41,877, which had established Coaltown a prohibitive favorite at 15 cents on the dollar, couldn't believe what was taking place but at the same time was unable to suppress a mighty cheer for the Chestnut Whitney colt as he charged under the wire two lengths on top. As it was, Coaltown barely saved second by a nose over King Ranch's Better Self.

Only four started in the one mile classic.

Vulcan's Forge, a 9 to 1 shot, paid \$20.40 and \$2.50 for \$2, with no show wagers, and was timed in 1:37 2/5 on a fast strip.

Jockey Doug Dodson was content to watch Coaltown, with Jockey Newbold Leroy Pierson up, bounce into an early advantage, with Better Self and Ben Whitney's My Request tagging along closely in second and third position.

Vulcan's Forge caught Coaltown at the eighth pole, drew away and grabbed first money of \$20,000 easily. It was only his second win in six 1948 starts.

Clayton Heafner Holds Golf Lead; Hogan Climbs Up

Fort Worth, Texas, May 29.—(P)—Huge Clayton Heafner clung to his lead in the Colonial National Invitation Golf tournament with a two-under par 66 Saturday, but the sensation of the third round was Ben Hogan's mighty 65 that shot the little fellow three strokes of the top.

Hogan, The Hershey, Pa., miler, tied his competitive course record, set in 1946 over Colonial Country Club's rolling 6,835 yards and swept from a tie for seventh to second place with a 54-hole total of 206.

A gallery of 5,000 watched the battle of the big and the little of golf—in physics, that is. Stewart "Skin" Alexander, big blaster from Lexington, N.C., edged into third place with a fine 69 that gave him a total of 208 while Lloyd Mangrum of Chicago and Bobby Locke of Johannesburg, South Africa, who were tied for second at the end of Friday's round, faltered badly.

Mangrum had a two-over-par 73 that dropped him into a tie for fourth with Herman Keiser of Akron, Ohio, who shot a 68. Locke finished with a 73 that plummeted him into a tie for sixth with Jimmy Demaret of Ojai, Calif., at 211.

Nobody Loves Forever

By Marguerite Brucker
 Copyright by Annette Hume, Inc.
 Distributed by NEA SERVICE, INC.

THE STORY: David tells Jessica he loves her. She can't still the beating of her heart. "There's another word more important than love," she replies. "It's called responsibility." She is telling him all about her busy marriage and its consequences. "You made a mistake, Jessica," David insists. "You took a schoolgirl infatuation for love." He asks if he may kiss her.

XVI
 LATER you could puzzle over the impulse which made you allow a man whom you had met just twice to take you in his arms and kiss you. Later you might suffer shame and humiliation at your own weakness and hate yourself for disloyalty to your husband.

Not now. At the moment nothing mattered, for you were unable to think clearly and stilled the voice of conscience by giving as excuse the bitter loneliness which you had known for three long years.

Afterward, when Jessica tried to analyze that moment, she could remember best the sun, warm on her cheeks, the endless stretch of blue sky overhead, the wind tugging her hair, and then David's eyes, so blue and intense, holding her own. She remembered the comfort of David's arms around her and her sudden wild desire to have his lips upon her own.

Then the picture became confused. David had told her that he loved her. Did she love him? How could you be certain about love? It was so easy to be mistaken. Hadn't she been mistaken in the past about her love for Tom?

She must not think of the past. David had said, "Later we will make plans, Jessica, not now. Don't spoil this moment. Just let's be happy."

She had had so little happiness, nothing but rebuffs and disapproval. She had wanted to laugh and cry and had clung to David while the tears blinded her eyes.

THEY were quiet during the return trip. The sun was sinking low as they approached the

city. From time to time David bent across Betsy to meet Jessica's glance. "Sorry?" he asked.

She shook her head. No, she was not sorry. Her heart still held a touch of the heady happiness which had warmed her under David's kiss.

She let her fingers cling to his as they drove slowly through the gathering dusk. It was wonderful to be happy, to be loved and cherished, to forget a future which before had loomed threatening and dark with apprehension.

But the carefree mood had lasted only under the spell of David's smile. When he had driven away, and Jessica turned to walk with Betsy up the steps of the old gray house where she had lived since Tom went away and left her, the afternoon seemed like a dream.

As the door closed behind her and she stood in the cold dark hallway she felt imprisoned again, beset by doubts and low-spirited.

Betsy said practically, "I want my supper."

Lucy opened the kitchen door and said, "Where were you? I was worried."

Jessica removed Betsy's bonnet and coat. She followed Lucy through the kitchen door.

Lucy bustled about making hot tea, saying that her mother had gone to church and that she had stayed at home believing they might return chilled and hungry.

Lucy will be hurt when I tell her I plan to leave Tom, thought Jessica, with a touch of irritation at her own sense of guilt. Why should I bother about what Lucy thinks? I'm young. I've a right to happiness.

Lucy said, "Drink your tea." Jessica pushed the cup away. "I've had my lunch," she hurried on to explain. "We met David Gregory in the park and he insisted that we take a ride. Betsy loved it."

"I know about David Gregory."

"What about David Gregory?"

"He works in the same office—not that I really know him."

"Gossip!" said Jessica.

"Not exactly. He's handsome and successful and has had advantages Tom never had. A fine education at an Eastern college. Wealthy parents. Tom had to work to help support us."

Jessica said impatiently, "Why must you compare Tom and David Gregory? Why is it wrong for me to want to do the things other girls do who are young?"

She rose and tossed her book down on the table. "I owe something to myself," she said hotly. "I was young and silly, I grant, but Tom used every argument to persuade me to marry him. Then he brushed aside any obligation to consider my happiness when he left me. Now, whatever I felt for Tom Blake is dead."

She flung herself out of the room. But later, in the dark listening to Betsy's soft, regular breathing, she remembered Tom more clearly than at any time since their marriage.

She remembered how he had let her alone when she had told him it was useless for him to love her. She remembered the day she had taken her car and gone in search of him, and how even then he had been reluctant to get in the car until she insisted he come with her.

Tom loved her then.

She sat up in bed, her fingers linked about her knees, and stared out into the darkness which surrounded the crib where Betsy slept. She had loved Tom once. Had she forgotten?

No, she thought stubbornly. I haven't forgotten. But love like that doesn't last. It's youthful infatuation and indifference to the future. David's love is quite different.
